

**To Report Shipping Damage:** If damage occurred during shipping, call place of purchase and report within 7 calendar days or else you may be denied credit for your damaged product.

**To Obtain Service:** If you suspect this product has a manufacturing defect in materials or workmanship: 1. Locate the sales receipt 2. Call place of purchase. Any unauthorized returns will not be accepted.

**Warranty Remedy:** THIS SHALL BE YOUR SOLE REMEDY UNDER THIS LIMITED WARRANTY.

If this product is found to have a manufacturing defect in materials or workmanship, we will (at our discretion) do one of the following:

- repair the product
- replace the product
- refund the cost of the product

Colors vary from lot to lot and may not exactly match sample swatch or previous purchases.

Discontinued items or color selections will be replaced with the closest equivalent current product.

**YOUR RIGHTS UNDER STATE LAW:**

This lifetime limited warranty gives you specific legal rights, and you may have other rights, which vary from state to state. Some states do not allow limitations on how long a warranty lasts, so the above limitations may not apply to you. No agent, representative, dealer, or unauthorized employee has the authority to increase or alter the obligation of this warranty. This lifetime limited warranty supersedes any previous versions.

For all questions, please call (800) 264-1190  
Hours of operation are 8:00am to 5:00pm CST

# Custom Cordless Roman Shade

owner's handbook

Cords and bead chains can loop around a child's neck and strangle.

- Always keep cords and bead chains out of children's reach.
- Move furniture away from cords and bead chains. Children can climb furniture to get to cords.
- Do not tie cords together. Make sure cords do not twist together and create a loop.

## IMPORTANT INFORMATION ABOUT YOUR ROMAN SHADE

This product is designed to make your shade safer for children and pets. However, this shade is substantially different than the traditional shades that you might be accustomed to.

This shade has a double cording system on the back of the shade to help minimize the possibility of a child or pet becoming entangled in the cords.

See the operating instructions toward the back of this handbook for additional information about the function of your shade.

## INSTALLATION INSTRUCTIONS

### Step 1. Check Package Contents

Missing part? Call 1-800-264-1190

Mounting hardware kit includes the following:

Part	Quantity
Mounting Bracket	2 (for shades up to 36" wide)
	3 (for shades 36 $\frac{1}{8}$ " to 48" wide)
	4 (for shades 48 $\frac{1}{8}$ " to 72" wide)
1 $\frac{1}{8}$ " Screws	2 per bracket
Bottom Rail Handle	1 for shades up to 59 $\frac{7}{8}$ " wide
	2 for shades 60" to 72" wide

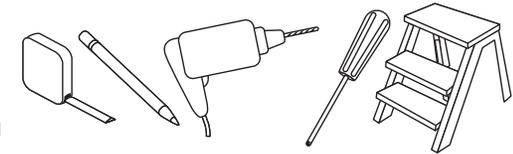

**Note:** one extra screw of each noted size is included for convenience

### Step 2. Tools Required

Screwdriver, tape measure, pencil, drill, step ladder.

**Note:** use #6 plastic anchors for dry wall or plaster mounting (not included)

Drill Bits: for screws, use a 3/32" drill bit - for wall anchors, use 1/4" drill bit.

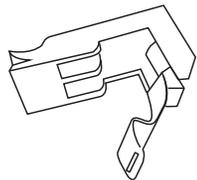

### Step 3. Bracket Location and Installation

Your shade may be installed either inside the window frame or outside the window frame.

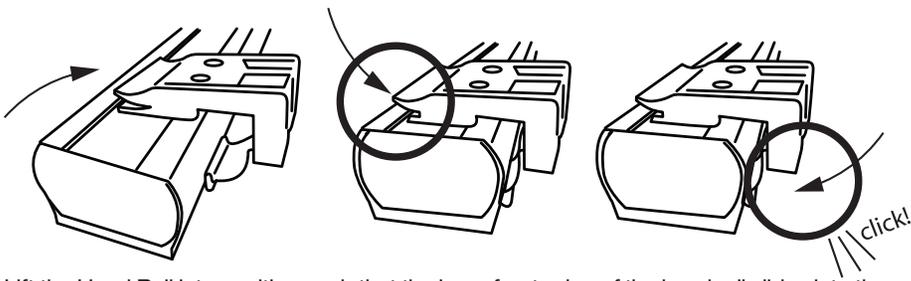

A mounting bracket should be positioned about 1" to 6" from each end of the head rail. For wider shades that require 3 or more brackets, these should be spaced evenly between the

two outermost brackets. Always position the brackets such that there is no interference with the cords and mechanisms inside the head rail.

The procedure outlined below will assure proper bracket placement.

Mounting Bracket

Lift the Head Rail into position such that the inner front edge of the head rail slides into the slot at the front of each bracket (see illustration), and then push the head rail upward until the flexible tab at the bottom of each bracket snaps onto the back of the head rail. Check carefully to assure that each bracket is properly secured.

**For Outside Mounting:**

Attach the brackets to the head rail as described above. Hold the shade level at the height desired and center it over the window opening. Mark the exact location of each bracket with a pencil. Remove the brackets from the head rail and position the top of each bracket at the marked location and screw each bracket into the wall or window molding using the 1 1/8" screws; pre-drill the screw holes using a 3/32" drill bit.

**For Inside Mounting:**

Clip the brackets onto the head rail as described above. Hold the shade in place and make a pencil mark at the rear of each bracket where it contacts the inside of the window frame. Remove the brackets from the head rail and align them with the marks. Attach each bracket using the 1 1/8" screws; pre-drill the screw holes using a 3/32" drill bit.

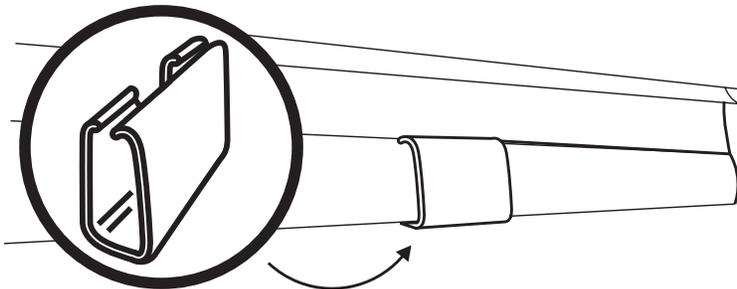

**Step 4. Securing the Head Rail**

Place the head rail on the brackets as described in Step X above, and lock in place. Check carefully to assure that each bracket is properly secured.

**Step 5. Attach Handle / How to Operate**

Attach the handles to the bottom of the shade as illustrated.

For wider shades that have two handles, divide the width of the shade by 4, and place a handle that distance from each end of the shade. The handles are designed to minimize contact with the shade fabric.

**IMPORTANT**

Always keep the bottom rail level (i.e. parallel to the top of the shade) when lifting and lowering the shade. If the shade becomes uneven, slowly pull it all the way down and then lift to the desired position. If necessary, reach behind the shade and manually pull the cording slowly out of the head rail until the bottom of the shade is level.

**Positioning:** Divide the width of the shade by 4, and place a handle that distance from each end of the shade. The handles are designed to minimize contact with the shade fabric.

**Lowering the Shade:** Grip the handles and slowly pull straight down.

**Raising the Shade:** SLOW is the functional word in achieving proper operation of your cordless shade. To lift the shade, place your hand(s) on the handle(s) with palms facing up and push upward slowly. The pleats should fold like an accordion – adjust the pleats by hand if necessary.

**Cleaning your Shades**

To clean the shade fabric, use a feather duster or vacuum lightly using the soft brush attachment.

For 100% Polyester, Cotton/Poly blends and 100% Cotton or 100% Linen fabrics you may: Spot clean with warm soapy water using mild detergent and a clean sponge. Air dry, and then steam or iron.

**Ironing**

**100% Polyester:** If necessary, steam polyester or gently iron on a low heat setting to remove stubborn wrinkles. 100% Polyester fabrics release wrinkles easily. Steam or iron on the Polyester /

Synthetic Fabrics setting (Low), but be aware that Polyester will melt if the iron is too hot.

**Cotton/Poly blends:** If necessary, gently iron on a Blended Fabric (Medium) setting to remove stubborn wrinkles.

**100% Cotton and 100% Linen:** If necessary, gently iron on a Cotton (High) setting to remove stubborn wrinkles.

**Replacement Parts**

In the event that replacement parts are ever needed, you may call: 1-800-264-1190

Please be sure to provide the following information, if possible:

- The complete model or catalog number of your product
- A description of the product
- A description of the part needed

**LIMITED LIFETIME WARRANTY**

The enclosed product is warranted to the original residential retail purchaser as long as the product remains in the original window

**Covered:**

**Lifetime:** Entire product against manufacturing defects (i.e. a flaw in the product design, materials, or workmanship that causes the product to no longer function.

**3 Years:** Cords, including internal cords such as those found in cordless blinds or shades.

**5 Years:** All fabric

**Not Covered:**

Normal Wear and Tear

Any product that fails due to: • abuse • exposure to salt air

- improper installation • accident • extraordinary use
- improper operation • alterations • improper cleaning
- misapplication • damage from pests/insects/pets
- improper handling • misuse

- Costs associated with:** • product removal • transportation to and from the retailer • brand label removal • product re-measure
- incidental or consequential damages • product reinstallation
  - shipping

In the event there are multiple blinds/shades in the same room, only the defective blind/shade will be replaced.
